

Norton Group Graduates — Where Are They Now?

Postdoctoral Research Associates

Dr. John Evans — Retired, Professor of Chemistry, University of Southampton, England

Dr. Erik Pedersen — The Dow Chemical Company, South Charleston, West Virginia

Dr. Alan J. Pribula — Professor of Chemistry, Towson State University, Towson, Maryland

Dr. Agapios Agapiou —ExxonMobil Chemical Company, Baytown, Texas

Dr. John Kelland — ICI Plastics Division, Welwyn Garden City, England; now ICI Chemicals and Polymers, Wilton, England

Dr. Bruno Longato — Retired, Professor of Chemistry, University of Padova, Italy

Dr. Christine Headford — Staff, University of Auckland, New Zealand

Dr. Susan Kegley — originally faculty at Middlebury, Williams; instructor, UC, Berkeley; now senior scientist at Pesticide Action Network of North America (PANNA), and Principle and CEO, Pesticide Research Institute, Berkeley, California

Dr. Eric Moore — was at BP/AMOCO, now Research Associate at Ineos Technologies, Naperville, Illinois,

Dr. Morris Bullock — was with the Chemistry Department, Brookhaven National Laboratory, Upton, Long Island, NY; now at Pacific Northwest National Laboratory (PNNL), Richland, Washington

Dr. Kurt Birdwhistell — Professor, Department of Chemistry, Loyola University, New Orleans (Deceased)

Dr. Rolf Weberg —was at DuPont Surfaces Research & Development, Buffalo, New York; now director of Natural Resources Research Institute, University of Minnesota at Duluth.

Dr. D. Rick Sidler — Freeslate

Dr. Tim Lubben —Professor of Chemistry, Northwestern College, Orange City, Iowa

Dr. David C. Eisenberg — was at Albemarle (formerly Ethyl Corporation), then BP/AMOCO, now with Stepan Corporation, Northfield, Illinois

Dr. Jonathan Filley — was Assistant Professor, Eastern Illinois University, Charleston, Illinois; now at InventWorks Inc., Boulder, CO

Dr. Karl Plößl — senior staff member, University of Pennsylvania, Philadelphia, PA

Dr. Wolfgang Fischer — BASF, Ludwigshafen, Germany

Dr. Christophe Lawrie — Chevron Chemical Company, Houston, Texas

Dr. Mikhail Rodkin — was at Solutia, Inc., Gonzalez, FL and then ASEC Manufacturing, Tulsa, OK; now Vice President, Environmental Catalysis Research with responsibility for the Chemicals, Polymerization & Refining Catalysis Research Unit, BASF, Iselin, New Jersey

Dr. Paul Wagenknecht — originally Associate Professor, San Jose State University, CA, now Professor at Furman University, South Carolina

Dr. Kurt Kramarz — originally at Argonne National Laboratory, Argonne, IL, then Sunoco Chemicals, Pittsburgh, PA; now at BASF, Pasadena, Texas

Dr. David Ramage — was at Dupont Dow Elastomers L.L.C., Freeport, Texas; now at LyondellBasell, Houston, TX

Dr. Tim Patten — Professor of Chemistry, University of California, Davis, California; CHE Program Director at the NSF

Dr. Frank Rix — ExxonMobil Chemical Company, Baytown, Texas

Dr. Curt Czerwinski — Professor at University of Wisconsin-LaCrosse, Wisconsin

Dr. Philipp Stößel — originally at Institut für Neue Materialien, Saarbrücken; now at Covion, Frankfurt, Germany

Dr. Sandra Koch — Hoechst Roussel Vet GmbH Research Pharmaceuticals, Vienna

Dr. C. Jeff Harlan — was Assistant Professor, Colorado School of Mines, Golden, Colorado; now at ExxonMobil, TX

Dr. Jianxin Chen — Cetek Co., Marlborough, California

Dr. Jon Penney — originally at Catalytica Pharmaceuticals, Mountain View, CA and DSM Pharmaceuticals, Greenville NC then Pharmacore, High Point, NC; now with Eastman Chemical Company, Kingsport, Tennessee

Dr. Brian Frost — Professor, University of Nevada, Reno, Nevada

Dr. Masanori Iimura — Professor of Chemistry, Santa Rosa Junior College

Dr. Deborah Smith — was at Johnson & Johnson, San Diego, California; now at Wilson Sonsini Goodrich & Rosati.

Graduate Students

Dr. Timothy F. Murray — President, OFS Specialty Photonics Division, Avon, Connecticut

Dr. Karin J. Karel — Central Research, Du Pont Experimental Station, Wilmington, Delaware

Dr. Stanley J. Okrasinski — Eastman Chemical, Kingsport, Tennessee.

Dr. Willie Carter — was at Colgate-Palmolive, New Brunswick, NJ, then at Bloch Drugs, Jersey City, NJ; now Director, Research & Development, Royal Purple, Porter, Texas

Dr. Leonard A. Zyzyck — originally with American Can, then United Technologies, then Colgate-Palmolive, Piscataway, New Jersey; now retired

Dr. Richard F. Jordan — originally at Washington State University, then University of Iowa; now Professor of Chemistry, University of Chicago, Chicago, Illinois

Dr. Edward G. Samsel — originally at EG&G Idaho Inc.; now at Albemarle (formerly Ethyl Corporation), Baton Rouge, Louisiana

Dr. Robin T. Edidin — elementary teacher, Bradenton, Florida

Dr. Keith Motyl — North American Rockwell, Rocky Flats (Boulder), Colorado

Dr. Laurie Castonguay — was with Merck Corporation, then Myogen, Lafayette, CO, then Principal Scientist, Gilead Colorado, Inc., Westminster, CO; now Ency2 In., CO

Dr. Keith Warner — originally faculty, US Naval Academy; now at Trident Technical College, Charleston, South Carolina

Dr. Stephen Matchett — Professor at Grand Valley State University, Allendale, Michigan

Dr. Jeffrey M. Sullivan —with the Shepherd Chemical Company, Cincinnati, Ohio

Dr. Robert T. Hembre —with Eastman Chemical, Kingport, Tennessee

Dr. Bruce Martin —faculty, Central Arizona College, Coolidge, Arizona

Dr. Anne E. Moody —Professor, Truman State University, Kirksville, Missouri

Dr. Bruce Bender —was with Scientific Advisor for Pillsbury Winthrop, LLC, San Diego, California

Dr. S. Sóley Kristjánsdóttir — Central Research, Du Pont Experimental Station, Wilmington, Delaware

Dr. Dawn Wisner — was with Exxon Chemical Company, Baytown, TX; now Professor, Lake Forest College, Lake Forest, Illinois

Dr. David Morita — Boulder Scientific, Mead, Colorado

Dr. Nikolaos Spetsieris — was postdoc, University of Pittsburgh, Pittsburgh, PA; then at Sarantis, Athens, Greece, now at Ministry of Economy and Finances, General Chemical State Laboratory, Athens, Greece

Dr. Daniel Gately — Director of Research, Boulder Scientific, Mead, Colorado

Dr. Noelle Umback — Forensic DNA Analyst, Medical Examiner's Office, New York, New York

Dr. Yi Han — was postdoc at Dartmouth College, Hanover, New Hampshire

Dr. Jon Tunge — Professor, University of Kansas, Lawrence, Kansas

Dr. Graham Abramo — DOW, Philadelphia, PA

Dr. Matthew Magee — Global Systems Tech Inc., Egg Harbor Township, New Jersey

Dr. Elizabeth Papish — Associate Professor at the University of Alabama

Dr. Hairong Guan — Associate Professor of Chemistry, University of Cincinnati, Cincinnati, Ohio

Dr. Lihao Tang — at Honeywell International, Morristown, New Jersey

Dr. Divya Kumar — was postdoc with Michael Toney, UC-Davis, Davis, California

Dr. Robert Petros — Professor of Chemistry, University of North Texas, Denton, TX

Dr. Sarah Cummings — Lecturer and Organic Chemistry Coordinator, University of Nevada, Reno, Nevada

Dr. Jongwook Choi — The DOW Corning Company, Midland, MI

Dr. Anthony Shaw — now Chemist, Pyrotechnics Research, Development, & Pilot Plant, Armaments Research, Development, & Engineering Center, Picatinny Arsenal, New Jersey

Dr. Mary Pulling — Autumn Harp, Inc., Burlington, VT

Dr. James Camara — Assistant Professor of Chemistry at Yeshiva College, New York, NY

Dr. Kathleen Kristian — Assistant Professor of Chemistry at Iona College, New Rochelle, NY

Dr. John Hartung — Postdoc at Caltech with Robert Grubbs

Dr. Jason Polisar — Westchester Community College, White Plains, NY

Dr. Deven Estes — Postdoc at ETH Zürich, Switzerland with Christophe Copéret
