## DESCRIPTION:

This collection of material by and about L. Frank Baum was adjunctive to the collection of first editions of Baum's writings made by Roland O. Baughman over a period of many years. An important part of it consists of the correspondence and papers related to the exhibition of L. Frank Baum mounted by the Columbia University Libraries in 1956 to mark the centenary of Baum's birth.

Baum manuscripts, original drawings by illustrators of Baum books, and issues of periodicals in which Baum pieces appear constitute the core of the collection.
