Senator Herbert H. Lehmann
United States Senate
Washington, D.C.

My dear Senator Lehman:

We have written to the Office of the Secretary, Federal Trade Commission Washington D.C. in accordance with copy of letter enclosed.

We hope that you will find it within your jurisdiction to also ask the Federal Trade Commission to protect the legitimate Mahogany importers and the regular dealers in Mahogany furniture from fraudulent advertising and misuse of the word Mahogany.

We are quite sure that you have some genuine Mahogany furniture in your home and certainly you would not like to have substitutes come in sold as genuine Mahogany.

Trusting to have your cooperation, and with best wishes, we remain,

Very truly yours,
J. H. MONTEATH CO.

J. H. Monteath
