1. Would you recommend this class to a friend?

Yes No

2. How challenging was the material covered in class? sometimes the topics were challenging and new, but they were clarified throughout the course

See reverse side →

3. Was the amount of homework reasonable? Yes

4. What, if anything, surprised you about the class? I was surprised that the class was filled with discussions and interactive games.

5. What did you like most about the class? I liked the classroom environment because it was relaxing and engaging.

6. What did you like the least? I think we played slightly too many games. They were useful and fun, but it would've been better if a few games got cut out.

7. What did you think of the mid-day extracurricular activities? I didn't exactly pay attention to those except for a few seminars/talks.

8. Any suggestions for how the class or the Summer Program as a whole could be improved? I like how this class was really flexible in terms of what we learned, but it would also be nice if at least half the class was structured with prepared materials/workshops, etc.

9. What, if anything, do you feel you've gained from your participation in the Summer Program? I've gained new knowledge regarding my course material, and also a feeling of what college life is like.

1. Would you recommend this class to a friend?

Yes No

2. How challenging was the material covered in class?

It was a bit challenging, but mostly easy!

See reverse side →

3. Was the amount of homework reasonable? Of course!
4. What, if anything, surprised you about the class? The market game. You can see what other people are buying as information.
5. What did you like most about the class? The market game. I like to see how I am if this game was real!
6. What did you like the least? The desks and classrooms
7. What did you think of the mid-day extracurricular activities?
This class was like an extension of what we learned in ~~the~~ previous class, which is good, because we learn what we had question on too.
8. Any suggestions for how the class or the Summer Program as a whole could be improved?
Bigger class. There's really nothing more. Maybe more in depth analysis on the market as opposed to just learning vocab.
9. What, if anything, do you feel you've gained from your participation in the Summer Program?
Information on the truth of business, how the stock works, and supply-demand theory.
