

AD HOC CONFLICT OF INTEREST REVIEW COMMITTEE

MARCH 3, 2011

The purpose of the committee is

- to evaluate whether the current policy, enacted in 2009, is working as intended;
- to ensure that the university is in compliance with new NIH rules and regulations being promulgated in April;
- to assess whether the policy is sufficiently robust to manage current and potential risks to the university.

It is anticipated that the committee will complete its work and make its recommendations by the end of the academic term.
